Second Regular Session

House Bill No. 11479

Introduced by Representative Timothy Joseph Cayton

EXPLANATORY NOTE

The Land Transportation Office (LTO) District Office in the Municipality of Bayombong, Province of Nueva Vizcaya, is presently classified as a Class “C” district office. Situated in the provincial capital, it delivers the core services of the Office within its jurisdiction, including motor vehicle registration, the issuance of driver’s licenses and permits, and the enforcement of land transportation laws, rules and regulations, to the municipalities of Bayombong, Bagabag, Diadi, Villaverde, Solano, Quezon and Ambaguio.

The sustained growth in motor vehicle registrations and licensing transactions within this area of responsibility has correspondingly increased the responsibilities and workload of the office. The present Class “C” classification no longer reflects the expanding functions and service demands of the office. Its existing organizational structure and resource allocation limit its capacity to efficiently serve the increasing number of clients while maintaining the quality of public service.

Upgrading the Bayombong District Office to Class “A” will provide the appropriate organizational structure, additional personnel, and operational resources needed to effectively carry out its mandated functions. It will likewise enhance service efficiency, strengthen enforcement activities, and improve the delivery of LTO services to the communities within its jurisdiction.

In view of the foregoing, the immediate passage of this measure is earnestly sought.
