HOUSE BILL NO. 3535

Introduced by REP. FAUSTINO 'BOJIE' G. DY III

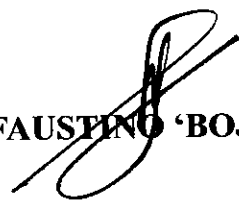

EXPLANATORY NOTE

This bill proposes to create a separate District Engineering Office for the Sixth Legislative District of the Province of Isabela which is comprised of Cauayan City and the municipalities of Echague, San Guillermo and San Isidro. The Sixth Legislative District was created by virtue of Republic Act No. 11080 that was signed by President Rodrigo R. Duterte on September 27, 2018.

At present, the Sixth Legislative District is under the jurisdiction and supervision of the Isabela 4th District Engineering Office. Having a separate district engineering office for the Sixth Legislative District will help ensure a holistic infrastructure roadmap for the district and the efficient implementation of projects therein.

This bill has been approved on third reading by the House of Representatives last Congress. It is hoped that this measure will be enacted into law this 20th Congress.

In view of the foregoing, the immediate approval of this bill is earnestly requested.
