PRIVILEGE HOUR

The day being a Monday, on successive motions of Representative Remulla, there being no objection,

the Chair declared a Privilege Hour and thereafter, recognized Minority Leader Marcelino C. Libanan for his privilege speech.

PRIVILEGE SPEECH OF MINORITY LEADER LIBANAN

Minority Leader Libanan began his speech by congratulating the newly elected Members of the House of Representatives and the new set of officers of the 20th Congress whose presence, he said, reflects their dedication to serve their respective constituents. Thereafter, in response to President Ferdinand Romualdez Marcos Jr.’s fourth State of the Nation Address (SONA), Minority Leader Libanan said that while he expresses belief in the President’s call for unity, achieving the same requires prioritizing the urgent needs of the people over political expediency.

As he acknowledged the positive outcomes of the Marcos administration’s programs and initiatives, and despite the reported improvements in the country’s poverty incidence, he said that surveys showed that most Filipinos perceive themselves as poor, while economic issues such as controlling inflation, lowering prices of basic needs, increasing wages, expanding employment and livelihood opportunities, and reducing poverty and hunger remain to be the top priorities.

Minority Leader Libanan stressed the need for a long-term plan to support farmers and ensure affordable food; called on the administration to push for a decent and adequate national minimum wage; pointed out the poor performance in international assessments and low comprehension skills of Filipino students, thus, the need to address the fundamental concerns in the education sector, which include promoting the welfare and continuous training of teachers, the relevance of the curriculum, and access to quality and holistic education; acknowledged the need for a comprehensive mental health program that offers accessible and affordable services; and welcomed PhilHealth’s zero-balance billing policy and the proposed Local Health Record System Act.

While recognizing the administration’s major infrastructure projects, Minority Leader Libanan highlighted the ongoing daily commuting crisis in urban centers. He maintained that free bus rides are only a partial solution and underscored the need for effective decentralization, which requires job creation in other regions.

He further noted the omission in the SONA of the Luzon-Visayas bridge linking Sorsogon and Northern

Samar which, he said, should be a top infrastructure priority. He also stressed the urgent need to rehabilitate the Maharlika Highway and pointed out the lack of a coherent master plan for domestic airports.

In the power sector, Minority Leader Libanan pointed out the persistent power interruptions, causing economic losses and daily disruptions, as well as the high cost of electricity. He expressed concern that continuous reliance on fossil fuels threatens long-term energy security and environmental sustainability.

While commending the President's declaration to plant coconut trees which, he said, has potential benefits for the energy sector, Minority Leader Libanan strongly opposed the Department of Energy's suspension of the shift to a higher biodiesel blend. He added that the said move contradicts the "Biofuels Act of 2006," which mandates the use of biofuel to cut oil imports, lower emissions, and boost rural employment.

Minority Leader Libanan commended the President's call for accountability and a transparent audit of flood control projects and expressed his support for a unified, integrated, and science-driven flood control program. He emphasized the critical need for durable seawalls in provinces facing the Pacific Ocean, especially in light of the recent tsunami warning triggered by the earthquake in Russia.

He also highlighted the need to strengthen the "Ecological Solid Waste Management Act of 2000" as he remarked that the recent floods were worsened by the failure to properly implement the said law; criticized the President's failure in addressing online gambling and emphasized the need to ban all predatory online gambling platforms; and underscored the need to amend the "Party-List System Act" to ensure that it serves genuine representation for the marginalized and underrepresented sectors.

Lastly, Minority Leader Libanan opined that the best part of the President's SONA is the acknowledgment of the nation's problems and thus expressed hope that the President would deliver his promises. Opining that the success of the President is the success of the people, he stated that the Minority is ready to cooperate for the benefit of everyone.

REFERRAL OF PRIVILEGE SPEECH OF MINORITY LEADER LIBANAN

On motion of Representative Remulla, there being no objection, the Body approved to refer the privilege speech of Minority Leader Libanan to the Committee on Rules for its appropriate action.

Thereafter, on motion of Representative Recto, the Chair next recognized Rep. Leila M. De Lima for her privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE DE LIMA

Representative De Lima first expressed full concurrence with Minority Leader Libanan's contra-SONA, which she described as a comprehensive discourse and a moment of clarity. Proceeding with her contra-SONA, Representative De Lima stated that President Marcos' SONA failed to reflect the harsh realities of hunger, poverty, and neglect. She then lamented the absence of a clear legislative agenda and the failure to mention proposed measures about freedom of information, anti-political dynasty, and anti-extrajudicial killings (EJKs).

She next criticized the downgraded growth forecasts, rising debt-to-GDP ratios, and ballooning budget deficit; questioned the feasibility and sustainability of subsidized services such as free rides and Wi-Fi, and the ₱20-per-kilo rice in the absence of long-term solutions; challenged the President's claims on health care as she cited the ineffectiveness of policies like zero-balance billing and reimbursement; and called for genuine investigations with real consequences in relation to infrastructure projects such as flood control, farm-to-market roads, and irrigation.

As she mentioned the President's silence on online gambling despite the numerous lives and families it has destroyed, Representative De Lima called for action against real drug lords. She further highlighted the lack of support for various marginalized sectors as she noted the absence of any mention of wage increase or labor security, recognition of indigenous peoples' rights, measures to address the rise in teenage pregnancies, and the protection of municipal fishing waters from commercial encroachment.

She also raised concern about the President being silent on the Supreme Court's ruling on the impeachment complaint against Vice President Sara Zimmerman Duterte, as well as on China's aggression in the West Philippine Sea, and the absence of plans to rejoin the International Criminal Court.

As she emphasized the need for accountability, Representative De Lima relayed that she, together with other Minority Members, filed a joint resolution seeking to open the bicameral conference committee deliberations to the public.

In closing, she affirmed her alignment with the Minority, asserted that silence in the face of wrongdoing is complicity, and expressed her commitment to truth and cooperation when it serves the nation.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE DE LIMA

On motion of Representative Recto, there being no objection, the Body approved to refer the privilege speech of Representative De Lima to the Committee on Rules for its appropriate action.

PRIVILEGE SPEECH OF REPRESENTATIVE TINIO

Recognized by the Chair on motion of Representative Recto, Rep. Antonio L. Tinio stated that the President's SONA usually highlights the administration's past achievements; however, according to him, the fourth SONA of President Marcos did not highlight anything that truly resonated with the people. Representative Tinio pointed out that the persistent problems of high prices, widespread poverty, unemployment, low wages, and severe flooding, among others, were not addressed in his SONA, opining that band-aid solutions could not solve or cover up those issues unless the root causes of poverty and inequality are properly addressed.

Contrary to the President's pronouncements, Representative Tinio mentioned the continuation of EJKs, human rights violations, red-tagging, terrorist labeling, and militarization in the current administration, as evidenced by political prisoners who are currently detained, some of whom are sickly and senior citizens. Moreover, he pointed out the lack of genuine independence in its foreign policy, showing subservience to the US while failing to firmly defend the Philippines' sovereign rights in the West Philippine Sea.

Representative Tinio then (1) called on the government to stop the privatization of water and to conduct an investigation into the joint venture agreements of PrimeWater Infrastructure Corporation all over the country, stating that the policy of water privatization itself must be challenged; (2) noted that the 40,000 classrooms targeted by the administration until 2028 were too conservative and would not suffice for the 165,000 classroom shortages and backlogs, considering that the previous administration had built only 20,000 or more classrooms per year; and (3) urged the Marcos administration to hold the corrupt officials accountable, with the Commission on Audit (COA),

not the Department of Public Works and Highways, conducting the investigation and audit on those projects, in the same way how the investigation into the Priority Development Assistance Fund or PDAF was conducted.

Regarding the President's warning to return any general appropriations bill that is not fully aligned with the national expenditure program (NEP), he appealed to his colleagues to fully exercise the Congress' power of the purse so that the country would not suffer under a re-enacted budget.

As he further lamented the persistent corruption in the government and the lack of transparency in the national budget process, he called for full transparency in all stages from the drafting of NEP to the bicameral conference and until the implementation of the general appropriations act (GAA).

Representative Tinio also denounced the delay in the impeachment trial of Vice President Duterte, noting the Senate's inaction despite constitutional provisions mandating prompt proceedings, the Supreme Court's dismissal of the impeachment based on questionable technical grounds, and the President's failure to address the issue in his SONA. Further mentioning the ongoing impunity of political dynasties, he called on Congress and the President to fulfill their constitutional duties to enact an anti-dynasty law.

In conclusion, Representative Tinio expressed disappointment over the President's failure to present clear, long-term solutions to the public's clamor for higher wages, lower food prices, and genuine accountability.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE TINIO

On motion of Representative Recto, there being no objection, the Body approved to refer the privilege speech of Representative Tinio to the Committee on Rules for its appropriate action.

EXTENSION OF PRIVILEGE HOUR

On successive motions of Representative Recto, there being no objection, the Chair approved to extend the Privilege Hour for another 60 minutes and thereafter, recognized Rep. Renee Louise M. Co for her privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE CO (R.L.)

In her first privilege speech, Representative Co addressed the severe and persistent education crisis in

the Philippines, especially in response to the President's recent SONA. She remarked that education remains a lifeline for young people; however, she said that despite the landmark passage of the "Universal Access to Quality Tertiary Education Act" in 2017, access remains grossly unequal. Citing alarming statistics, she relayed that students still struggle with high living and academic expenses, while enrollment dwindles, budgets of state universities and colleges are reduced, and private tuition fees continue to rise unchecked.

In relation to the President's education agenda which she described as superficial and insufficient, Representative Co pointed out the lack of transparency, funding, and measurable impact in the Academic Recovery and Accessible Learning Program. Despite claims of progress, Representative Co said that Filipino students continue to rank last globally in Reading and Math. She stressed that true educational reform requires more than just buildings and gadgets, as it needs curriculum reforms, well-supported teachers, and a nationalistic and inclusive approach to learning. She also cited the glaring gap between the number of classrooms needed and those constructed, as well as the chronic underfunding which, she said, is in violation of constitutional mandates.

Further, she opined that continued prioritization of technical-vocational tracks in senior high school reflects a neoliberal framework designed to produce cheap labor for foreign and local capitalists rather than critical, empowered citizens. Representative Co underscored that the government's education policy remains beholden to corporate and foreign interests, reducing education to a diploma mill for exportable labor.

Besides education, Representative Co also challenged the President's claims on other fronts. On social services, she relayed the disappointment of her SONA guest, a former water district official, over the government's failure to reverse the privatization of essential utilities like water. On human rights, she cast doubt on the administration's declaration of peace, pointing to rising defense budgets, sustained militarization, and continued red-tagging and endangerment of youth and activists by the National Task Force to End Local Communist Armed Conflict.

Regarding foreign policy, she criticized the President's quiet compliance with the US military expansion in the country, including plans to build ammunition factories, which she warned could further endanger Filipinos. Lastly, on climate and corruption, she called out the absence of any credible update on flood control projects and demanded a special audit by COA and a legislative inquiry into possible irregularities.

Thereafter, Representative Co shared the story of Gelo Dela Rosa, a 20-year-old lad from Malabon City who died of leptospirosis after wading through floodwaters in search of his father, who was allegedly arrested without a warrant for alleged violation of Presidential Decree No. 1602 relative to illegal gambling. She said that it is not just a case of corruption in Malabon's infrastructure projects implementation, but also on how the law on illegal gambling disproportionately targets the poor while gambling lords and online gambling sites remain untouched.

Stating the Filipino youth's call for education, social services, human rights, climate action, and measures against disaster and corruption, as recently mentioned in President Marcos' SONA, Representative Co pointed out that those issues were left out without clear solutions, which sparked public frustration on SONA day. In this regard, she said that the Filipino youth would not stay silent as they will fight for the future they deserve.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE CO (R.L.)

On motion of Rep. Brian Poe, there being no objection, the Body approved to refer the privilege speech of Representative Co to the Committee on Rules for its appropriate action.

ACKNOWLEDGMENT OF GUESTS

At this point, upon the request of Representative Poe, the Chair acknowledged the presence in the Session Hall of the guests of Rep. Jurdin Jesus M. Romualdo.

Thereafter, on motion of Representative Poe, the Chair recognized Representative Mercado-Revilla for her privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE MERCADO-REVILLA

At the outset, Representative Mercado-Revilla called the attention of the Members to spearhead celebrations in their respective districts to commemorate a nearly forgotten yet pivotal moment in Philippine history, the August 1, 1898 assembly in the historic *Pueblo de Bacoar*. She said that the said event affirms the principle of representative democracy even before.

In accordance with Proclamation No. 339 designating the month of August as History Month, she relayed that House Bill No. 5078, recognizing August 1, 1898 as the day of promulgation of the solemn declaration of Philippine independence and

declaring August 1 of every year as a legal holiday, was one of her priority bills during the 19th Congress. She thanked Speaker Romualdez (F.M.) and their Senate counterparts for giving their full support and showing their fervent passion for Philippine history.

At this juncture, Deputy Speaker Ortega relinquished the Chair to Deputy Speaker Kristine Singson-Meehan.

Stressing the importance of remembering the Bacoor Assembly of 1898, Representative Mercado-Revilla pointed out that on November 7, 2024, President Marcos signed into law Republic Act (R.A.) No. 12073, declaring August 1 of every year as “*Araw ng Paglalathala at Pagtatanyag ng Kasarinlan ng Pilipinas*.” She further stated that, according to former Prime Minister Cesar Virata, the Filipino youth must know that Filipinos have long aspired for true independence and it is our solemn duty as Filipinos to be familiar with how our forefathers had fought and won the struggle for our country to truly become a nation.

Noting that the leaders summoned to the Bacoor Assembly of 1898 represented the 16 most populous provinces at that time, effectively reflecting the majority of the Filipino population, Representative Mercado-Revilla, in honor of their memory, urged historians and scholars to further research the key personalities behind the said historic meeting. Through an audio-visual presentation, she then cited the names of the Representatives which appeared in the *Acta de Independencia*.

Thereupon, Representative Mercado-Revilla relayed that on August 1, 2025, she, together with Senator Loren Legarda and other officials from the City Government of Bacoor, the officers of the National Historical Commission of the Philippines, and other stakeholders, led the commemoration of the 127th anniversary of the Bacoor Assembly under R.A. No. 12073, recognizing it as a national event.

In the end, as she urged other provinces to celebrate annually and honor their local heroes connected to the said historic moment, Representative Mercado-Revilla reminded her colleagues to cherish Filipino history and the Filipino language as foundations of national identity and the country’s independence.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE MERCADO-REVILLA

Thereupon, on motion of Rep. Munir N. Arbison Jr., there being no objection, the Body referred the privilege speech of Representative Mercado-Revilla to the Committee on Rules for its appropriate action.

ACKNOWLEDGMENT OF GUESTS

At this point, upon the request of Representative Arbison (M.N.), the Chair acknowledged the presence in the Session Hall of the guests of Reps. Dimszar M. Sali and Joel R. Chua.

Likewise, upon the request of Representative Poe, the Chair also acknowledged the presence in the Session Hall of the guests of Rep. Bienvenido M. Abante Jr.

Thereafter, on motion of Representative Poe, the Chair recognized Representative Abante for his privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE ABANTE

At the outset, Representative Abante affirmed that public service is a divine calling. This, as he reflected on the life of Jesus Christ, and then drew parallels between the moral decay that led to the fall of the Roman Empire and the current moral decline he perceived to be happening in the country. He acknowledged the changes in the 20th Congress, welcoming both returning and new Members, and expressed confidence in Speaker Ferdinand Martin G. Romualdez’s renewed leadership, particularly his ability to maintain unity and guide the legislative Body with wisdom and integrity.

He then urged Congress to continue its pursuit of justice, referring to the work of the Quad Committee (QuadCom) in the 19th Congress, which investigated Philippine offshore gaming operations (POGOs), illegal drugs, and EJKs. He stressed that the horrors uncovered during those hearings, such as victims lost, families grieving, and crimes committed with impunity, must not be forgotten.

Representative Abante further called for the re-filing of and support for key pieces of legislation such as the proposed Anti-Extrajudicial Killing Act, which seeks to clearly define and penalize EJKs, and the proposed Civil Forfeiture Act, which would enable the government to seize ill-gotten wealth from those involved in heinous crimes. He appealed to Congress to reconvene the QuadCom with an expanded mandate that would investigate deeper, more systemic criminal issues, citing as an example the unresolved case of the missing *sabungeros*. He alleged that these may be classified as EJKs, citing reports of police involvement and possible links to high-profile individuals and referencing Department of Justice Secretary Jesus “Boying” Remulla’s statement connecting the said disappearances to the past administration’s war on drugs.

In addition, Representative Abante mentioned an alleged reward system and corresponding promotions and assignment of police personnel who apprehend drug dealers and users. He emphasized that the dangerous threat of illegal drugs has become not just a law enforcement issue but a national security concern. He also cited reports of government employees being involved in the drug trade, an act which he described as a betrayal of public trust.

Representative Abante also raised concerns about the continued presence of small but illegal POGOs across the country, which emerged following the closure of all legal POGOs and the thousands of foreign nationals employed by these operations. He emphasized that these are critical issues that the QuadCom of the 20th Congress could investigate and resolve. As he then appealed to his colleagues to support the efforts of the 19th Congress QuadCom in completing the work they had started, he acknowledged his colleagues in the previous Congress who stood by him during the QuadCom hearings, as well as the families of the victims who placed their trust in them.

Finally, Representative Abante urged his colleagues to support the resolution that he would file to authorize the Committees on Human Rights, Public Order and Safety, Dangerous Drugs, and Public Accounts to conduct a joint inquiry, in aid of legislation, to address emerging and unresolved issues brought forth by the joint investigation of the previous QuadCom during the 19th Congress.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE ABANTE

On motion of Representative Poe, there being no objection, the Body approved to refer the privilege speech of Representative Abante to the Committee on Rules for its appropriate action.

EXTENSION OF PRIVILEGE HOUR

On motion of Representative Poe, there being no objection, the Body extended the Privilege Hour for another hour.

Subsequently, the Chair recognized Rep. Jonathan Keith T. Flores to deliver his privilege speech, on further motion of Representative Poe.

PRIVILEGE SPEECH OF REPRESENTATIVE FLORES

Representative Flores recalled the investigations of the QuadCom during the 19th Congress, which exposed the country's narcotic problems that are linked to deep-

seated corruption within government institutions. He stressed that failure to confront the spread of illegal drugs would mean allowing exploitation of workers and erosion of public trust.

As the House has already taken initial steps, such as banning POGOs and crafting relevant legislative measures, Representative Flores emphasized that the fight against the issue continues. He pointed out that thousands of Chinese nationals who previously worked in POGO hubs remain in the country unmonitored and undocumented, which poses not only an immigration concern but also a national security threat.

Thus, Representative Flores strongly urged that Congress be empowered to demand accountability, and that the 20th Congress be remembered as the House that refused to remain silent, insisted on accountability, and stood firmly in defense of the truth. He stressed that while the mandate of the House is to legislate, it has a higher duty to protect the people.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE FLORES

On motion of Representative Poe, there being no objection, the Body approved to refer the privilege speech of Representative Flores to the Committee on Rules for its appropriate action.

ACKNOWLEDGMENT OF GUESTS

Upon the request of Representative Poe, the Chair recognized the presence in the Session Hall of the guests of Deputy Speaker Faustino G. Dy III and Rep. Imelda Quibranza Dimaporo.

Thereafter, on motion of Rep. Francisco "Kiko" A. Barzaga, the Chair next recognized Rep. Ziaur-Rahman "Zia" Alonto Adiong for his privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE ADIONG

Representative Adiong spoke about the persistent and provocative challenges related to the continuing incursions into the country's maritime borders, which he emphasized are a source of livelihood and heritage. He added that encroachment of foreign vessels continues to threaten lives and deplete maritime resources.

Stating that the defense of maritime borders is a solemn duty, Representative Adiong urged the use of every peaceful and lawful means to secure these borders, through diplomacy, adherence to international

laws, and the strengthening of both our maritime capabilities and civilian presence in these waters. Accordingly, he presented to the Body the following measures as a roadmap for the West Philippine Sea during the 20th Congress: (1) enact stronger and clearer laws to protect maritime borders, to clearly define defense in terms of both national security and civilian livelihood, to strengthen the capabilities of the Philippine Coast Guard; (2) investigate and hold accountable any Filipino citizen, official, or entity that abets foreign interests in undermining Philippine sovereignty, including those who profit from or facilitate the unlawful exploitation of maritime resources; and (3) institutionalize the protection of the West Philippine Sea within the educational system.

In closing, Representative Adiong expressed hope that the 20th Congress will be remembered as an institution that stood firm and acted with resolve, unity, and courage to defend the country's sovereignty and resources.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE ADIONG

On motion of Rep. Anna Victoria Veloso-Tuazon, there being no objection, the Body approved to refer the privilege speech of Representative Adiong to the Committee on Rules for its appropriate action.

Subsequently, on motion of Representative Barzaga, the Chair recognized Rep. Terry L. Ridon to deliver his privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE RIDON

Representative Ridon initially highlighted the findings of the QuadCom investigations during the 19th Congress, which exposed staggering instances of criminality and corruption. However, he noted that several issues remain unresolved and are yet to be investigated in the 20th Congress.

He then reminded the Body of the following unfinished business left by the 19th Congress' QuadCom: (1) the possible misuse, laundering, and transfer of funds intended for the Philippine Charity Sweepstakes Office; (2) the reward system within the Philippine National Police that incentivized the killing of suspected criminals; (3) the cryptic statement of former Bureau of Customs Intelligence Officer Jimmy Guban which mentioned a certain "queen"; and (4) the infiltration of foreign nationals operating under the guise of Philippine citizenship to acquire vast tracts of land.

He thereafter mentioned how the Committee on Public Accounts' investigations uncovered the alleged collusion between the officials of the Municipality of Mexico, Pampanga, particularly former Mayor Teddy C. Tumang, and Chinese nationals, particularly Aedi Tai Yang, to acquire hectares of land through fraudulent means. Additionally, he said that the findings of the Committee on Dangerous Drugs' investigations suggested possible links between Mr. Yang and organized criminal networks.

Emphasizing how the 19th Congress QuadCom had gathered crucial testimonies and provided findings and recommendations, Representative Ridon thus called on the Body to reconvene the QuadCom with a renewed mandate to continue its investigations and hold those accountable to the law.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE RIDON

On motion of Representative Barzaga, there being no objection, the Body approved to refer the privilege speech of Representative Ridon to the Committee on Rules for its appropriate action.

Thereafter, on another motion of Representative Barzaga, the Chair next recognized Rep. Atty. Gerville "Jinky Bitrics" R. Luistro for her privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE LUISTRO

Representative Luistro expressed hope that the Body would favorably support the enactment of the proposed "Sustainable Land Classification and Protection Act," which she described as an urgent response to the country's growing need for balanced development and environmental sustainability.

She then relayed some of the salient features of the proposed measure, such as (1) creating a national framework that categorically protects vital land areas; (2) empowering local government units and stakeholders to play a key role in land governance through the creation of a National Land Classification Council; and (3) ensuring that land use planning is scientific, participatory, and aligned with national developmental goals.

Subsequently, she explained that the measure is both pro-environment and pro-development as it supports food security by shielding irrigated and productive farmlands from conversion, and accelerates economic growth by streamlining legal processes for land reclassification in key sectors like energy and tourism, among others.

In closing, Representative Luistro called on the Body to support the bill as part of their legacy of responsibility, environmental stewardship, and care for future Filipino generations.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE LUISTRO

On motion of Rep. Antonino B. Roman III, there being no objection, the Body approved to refer the privilege speech of Representative Luistro to the Committee on Rules for its appropriate action.

On another motion of Representative Roman, the Chair next recognized Rep. Sergio C. Dagooc for his privilege speech.

PRIVILEGE SPEECH OF REPRESENTATIVE DAGOOC

In celebration of the National Lineworker Appreciation Day, Representative Dagooc paid tribute to the men and women who risk their lives to power homes and fuel the nation's economy.

He then recounted his personal experience as a former lineworker as he shared the hardships that lineworkers endure to serve the nation. Thereafter, he expressed disappointment at how key measures, such as the proposed Line Workers Insurance and Benefits Act, which had already been approved on Third Reading during the 19th Congress, were not taken up in the Senate. Nonetheless, he affirmed his commitment to refile these bills in the current Congress which, he pointed out, must not only be symbolic but structural and institutional as well.

Representative Dagooc subsequently stressed that lineworkers are not just technicians but vital contributors to national development as they not only power communities but also power industries, agriculture, and commerce, among others. He asked the lineworkers, electric cooperatives, and their members to be reminded of their role and noble contributions to national economic development.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE DAGOOC

On motion of Representative Roman, there being no objection, the Body approved to refer the privilege speech of Representative Dagooc to the Committee on Rules for its appropriate action.

PRIVILEGE SPEECH OF REPRESENTATIVE UNGAB

Recognized by the Chair upon motion of Representative Roman, Rep. Isidro T. Ungab first brought to the attention of the Members significant provisions of the 2025 GAA as approved by Congress which, he alleged, have certain adjustments that raised serious legal questions and might be vulnerable to constitutional change. He added that his observations would guide them, considering that the 2026 NEP will soon be submitted to Congress for deliberations.

As he recalled that he had exposed a similar glaring anomaly in the ratified 2025 GAA last January, containing 28 blank items and spanning 13 pages, which were filled in the enrolled bill and finally in the GAA, he said that he would present the same in detail in a separate privilege speech.

He then adverted to his allegation of irregularity in the 2025 GAA, particularly on the use of income and Special Accounts in the General Fund (SAGF) under Automatic Appropriations which, he said, might have escaped public scrutiny as, by nature, it no longer requires legislative enactment.

He then briefly explained that the 2025 NEP as proposed by the President to Congress in July 2024 is sourced from Programmed New Appropriations for ₱4.247 trillion and Automatic Appropriations amounting to ₱2.105 trillion, totaling ₱6.352 trillion.

He proceeded to discuss the Earmarked Revenues amounting to ₱1.202 trillion, which are categorized into the Use of Income in the General Fund for ₱1.175 trillion, and SAGF amounting to ₱27.352 billion. He said that they usually come from collections of previous years, at any specified period indicated in the enabling laws, and since they are subjected to the annual programming of expenditures, some of the funds will accumulate huge balances at the end of the fiscal year. Further, he stated that while SAGF, as part of the budgetary process and all the other automatic appropriations, does not require any annual legislative action by Congress, any amendment or upward amendment thereof may directly or indirectly increase the total expenditure program submitted by the President to Congress, and would potentially violate the constitutional limitation on the appropriation of funds.

He said that, throughout his 15 years of service as a Representative, the items classified under automatic appropriations have remained absolutely intact, consistently recognized and respected by the Committee on Appropriations and its Senate

counterpart, and both Chambers as legally mandated expenditures and are protected by enabling laws and statutes. Additionally, he pointed out that this must not be subjected to alteration or amendments, as they constitute nondiscretionary obligations established by law, and their statutory protection ensures that these funds remain outside the purview of the annual appropriations process, preserving the legislative intent and maintaining the fiscal stability of the mechanisms that were designed to provide.

He underscored that the 2025 GAA has, for the first time, revealed that the Bicam has amended the automatic appropriations by making substantial upward adjustments in the special provisions of several agencies with an increase that fundamentally undermines the protected status of automatic appropriations. This breach, he said, has inflated the President's original submission to a 47 percent increase that directly contravenes the statutory mandate of these appropriations.

Representative Ungab further noted that from an initial proposal of ₱27.352 billion, SAGF was raised to ₱40.107 billion, with a Bicam adjustment of ₱12.75 billion, increasing the overall expenditure program from ₱6.352 trillion to ₱6.365 trillion. He emphasized that such adjustments without a proper legal basis undermine constitutional limitations on budget appropriation, particularly paragraph 1, Section 25, Article VI of the 1987 Constitution, which prohibits Congress from increasing the President's proposed budget. He detailed various individual increases across several special funds amounting to over ₱12.7 billion. Representative Ungab argued that these increases were automatic appropriations that lacked legal support from earmarked revenue sources, thus raising constitutional questions about whether Congress has the authority to augment SAGF beyond its statutory revenue bases.

Further, Representative Ungab cited an example, the DPWH Special Road Fund wherein, although the revenue from the Motor Vehicle User's Charge (MVUC) for 2025 was programmed at ₱16.75 billion, the Bicam increased the appropriation to ₱34.74 billion. He then relayed his observation that the additional ₱17.992 billion was not sourced from MVUC but from pooled realignments from other agencies and questioned the legality of such a maneuver, asserting that the Fund, as provided in R.A. No. 11239, should be strictly sourced from the MVUC collections.

Furthermore, he criticized the omission of any allocation from sin tax revenues to PhilHealth for 2025,

despite legal mandates under the Sin Tax Law and the "Universal Health Care Act" that earmark a portion of tobacco and sugar-sweetened beverage taxes for health care services. According to Representative Ungab, the complete absence of this allocation constitutes a breach of both statutory and constitutional obligations to recognize health as a fundamental right. He next warned that these actions, whether arbitrary fund increases or omissions of mandated earmarks, set a dangerous precedent that threatens the integrity of the national budget, violate established legal frameworks, and endanger the constitutionally protected rights of the Filipino people. He called for immediate legal and legislative clarification, especially since multiple petitions have already been filed before the Supreme Court challenging these budgetary irregularities.

At this juncture, Deputy Speaker Singson-Meehan relinquished the Chair to Deputy Speaker Ortega.

Representative Ungab emphasized that the national budget is not merely a fiscal document but a reflection of the government's promise to protect the welfare, dignity, and health of the Filipino people. He underscored that the figures being deliberated represent the government's compassion and constitutional responsibility. He warned that as Congress awaits the Supreme Court's ruling on the legality of recent budgetary adjustments, the implications go beyond technicalities as they affect real lives.

He noted that the 2025 GAA has effectively altered or superseded 14 existing republic acts, including those governing automatic appropriations, particularly SAGF and Use of Income. He remarked that these laws had undergone full legislative scrutiny in previous Congresses, with earmarked revenue sources legally defined, and the Bicam's adjustments not only ignored this legislative intent but also undermined laws passed through extensive debates in both chambers. He argued that the unilateral changes made to these laws through the budget process represent a significant overreach that demands constitutional scrutiny and correction.

As regards the misuse of funds from the Sin Tax Law of 2012 which mandates that 80 percent of its proceeds should be allocated to UHC, Representative Ungab emphasized that Congress, through the Bicam, has no legal authority to increase allocations to SAGFs beyond the actual revenues collected because the same violates the principle that SAGF must only be limited to their designated funding sources. Such action, he added, could undermine the constitutional integrity of the budget process, thereby potentially rendering GAA invalid and susceptible to legal challenges. Hence, Congress cannot use GAA to override existing laws

such as the Sin Tax Law. Being the principal author of the Sin Tax Law, he expressed deep concern over allegations that the 2025 national budget is the most corrupt in Philippine history.

Considering that the enactment of the Sin Tax Law in 2012 gave the Philippines its first ever Investment Grade Credit Rating from international credit rating agencies, Representative Ungab urged his colleagues to protect the integrity of the budget process, honor the intent of the law, and prioritize public health over political interests. He concluded his speech by reminding the Members that the power of the purse is a responsibility to serve the people and not a tool for abuse.

REFERRAL OF PRIVILEGE SPEECH OF REPRESENTATIVE UNGAB

On motion of Representative Roman, there being no objection, the Body approved to refer the privilege speech of Representative Ungab to the Committee on Rules for its appropriate action.

TERMINATION OF THE PRIVILEGE HOUR

Subsequently, on motion of Representative Roman, there being no objection, the Body terminated the Privilege Hour.
