DEFERMENT OF APPROVAL OF JOURNAL

On motion of Majority Leader Ferdinand Alexander A. Marcos, there being no objection, the Body deferred the approval of the Journal of the previous session.

Thereafter, Majority Leader Marcos remarked that Speaker Romualdez (F.M.) will address the Body.

ADDRESS OF SPEAKER ROMUALDEZ (F.M.)

Speaker Romualdez at first stated that the House of Representatives opened the 20th Congress with a solemn commitment to purpose over fanfare, addressing pressing issues that matter most to ordinary Filipinos, like food security, sustainable livelihood, education, health care, and peace and order.

He emphasized that the House of Representatives must serve as a foundation for the common Filipino, not as a sanctuary for the privileged. Central to this vision, he pushed for the passage of the proposed Rice Industry and Consumer Empowerment Act to ensure an affordable and adequate rice supply, coupled with reforms to end smuggling and exploitation, modernize agriculture, and institutionalize the *Walang Gutom* Program with electronic food credits.

Next, the Speaker committed to dignified work and sustainable livelihoods through the enactment of laws that support workers and build small businesses, while investing in strategic industries to strengthen national competitiveness. He also emphasized inclusive economic growth, not just for the elite but for the struggling majority.

On education, Speaker Romualdez called for the passage of the proposed Last Mile Schools Act to ensure that no learner is left behind, especially in remote and marginalized areas, as well as to amend the Expanded Government Assistance to Students and Teachers in Private Education Act, expand the Academic Recovery and Accessible Learning Program, and support mental health in public schools.

For health care, he pledged for zero-balance billing and no out-of-pocket expenses in all government hospitals, improved access to essential medicines, and better facilities and health worker deployment as he invoked that health is a right, not a privilege.

As to peace and safety, he advocated for the passage of laws to build secure communities, support security forces, protect national borders, and complete household electrification by 2028, in response to the President's call by allocating the necessary resources as he pledged to investing also in defense and disaster preparedness.

The Speaker likewise committed to ensuring a meaningful and transparent budget process by opening bicameral deliberations to civil society and watchdogs and allowing their participation in committee and plenary budget deliberations; a strengthened congressional oversight function and midyear performance review of all agencies; and a comprehensive congressional review of infrastructure projects that will target corruption, inefficiency, and waste, with the intent of passing legislation for real-time reporting and stricter accountability.

Lastly, he promised a government that listens and serves efficiently through laws that will be passed to eliminate red tape, digitalize services, and professionalize the bureaucracy. He concluded his speech with a call for the 20th Congress to be a turning point, not just in passing good laws but in changing lives and bringing hope to Filipino households.

MESSAGE FROM THE PRESIDENT

MALACAÑAN PALACE
MANILA

10 July 2025

THE HONORABLE SPEAKER
and Members of the House of Representatives
House of Representatives
Batasan Hills, Quezon City

Ladies and Gentlemen:

The Metro Bataan Development Authority (MBDA) is a special development and administrative government entity that aims to provide efficient and effective planning, supervision, and coordination of essential basic services within the Province of Bataan and its adjacent areas. It aims to encompass the local government areas of Bataan, Balanga, Hermosa, Orani, Abucay, Samal, Orion, Limay, Mariveles, Morong, Bagac, Pilar, and Dinalupihan, including their land, water, and air territories, and the connecting metro-wide road networks to freeport authorities within the province.

While I recognize that the concerned local governments are in unison in advocating the advantages that the MBDA will bring to their respective LGUs and expressing their willingness to cooperate with the same for the betterment of their respective jurisdictions, unfortunately, I am constrained to veto the enrolled bill.

Regrettably, I find the proposed measure to be inconsistent with the principles of administrative efficiency and susceptible to legal challenge due to overreach.

First, the functions of the MBDA are already being undertaken by the member LGUs and the different national agencies. As such, the creation of the MBDA may be redundant or duplicative in the context of existing governance structures. This can possibly undermine the autonomy of the LGUs that are already empowered to deliver essential services, dilute their direct accountability to their constituents, and lead to disputes over mandates and authority.

Second, the Province of Bataan already hosts authorities such as the Authority of the Freeport Area of Bataan, the Clark Development Corporation, and the Subic Bay Metropolitan Authority, which are responsible for managing and developing key economic zones within the province. I am very confident that the aforementioned authorities are more than capable in planning and implementing the future development and sustainable growth of the area.

THE PRESIDENT OF THE PHILIPPINES

Finally, the MBDA is not aligned with our National Rightsizing Program's goal of streamlining government functions and optimizing resources. The thrust of the government is toward the elimination of redundant positions and inefficient use of funding.

Hence, pursuant to Section 27(1), Article VI of the 1987 Constitution, I am returning herewith without my signature the enrolled Senate Bill No. 2799 / House Bill No. 7752, entitled:

> ***"AN ACT CREATING THE METRO BATAAN DEVELOPMENT AUTHORITY, DEFINING ITS POWERS AND FUNCTIONS, AND PROVIDING FUNDS THEREFOR."***

Nonetheless, I whole-heartedly appreciate the diligence and dedication of both Houses of Congress and continue to encourage them in crafting measures that would provide a unifying government structure within provinces that need it most.

Very truly yours,

09 July 2025

THE HONORABLE SPEAKER
and Members of the House of Representatives
House of Representatives
Batasan Hills, Quezon City

Ladies and Gentlemen:

Pursuant to Section 27(1), Article VI of the 1987 Constitution, I am returning herewith without my signature the consolidated **Senate Bill No. 2669 / House Bill No. 11341**, entitled:

"AN ACT STRENGTHENING THE POLYTECHNIC UNIVERSITY OF THE PHILIPPINES AS THE NATIONAL POLYTECHNIC UNIVERSITY, REPEALING FOR THE PURPOSE PRESIDENTIAL DECREE NO. 1341, AND APPROPRIATING FUNDS THEREFOR."

We recall that during the 17th Congress, a similar bill was filed and passed by Congress seeking to elevate the PUP to the status of a National University. The former President vetoed this bill due to the dismal performance of the PUP in the 2016 State Universities and Colleges (SUC) leveling exercise conducted by the Department of Budget and Management and the Commission on Higher Education (CHED). Of the one hundred six (106) SUCs in the country evaluated, twenty achieved a Level IV rating, while forty-eight (48) other SUCs obtained a Level III rating. On the other hand, the PUP's rating was equivalent only to a Level II. In his veto message, the former President did not close the door for the PUP's upgrading and directed the conduct of a reassessment and evaluation of the whole PUP system to determine its suitability to be elevated as a National University. The present bill is now before this Office for my consideration, and it appears that the previous directive to conduct a re-assessment of the PUP System has not been complied with, despite the opportunity to do so.

Among other concerns is the fact that fourteen (14) of PUP's campuses were created merely by resolutions of its Board of Regents. This situation circumvents the legislative process and creates an expectation for the National Government to assume the responsibility of providing the necessary staffing and financial support for these campuses.

Further, the institutional autonomy to be granted to the PUP may well undermine the regulatory oversight function of the CHED to review the policies, programs, and standards of SUCs.

Finally, the proposed additional funding of One Hundred Million Pesos for a period of five (5) years to be utilized for the development of PUP campuses must also be further studied by taking into consideration the estimated funding requirements, the availability of resources, and the capacity of the PUP to fully implement its programs and projects.

A *National University* status is typically bestowed upon SUCs whose faculty and programs demonstrate exceptional quality and surpass those of other conventional SUCs. In granting that status to the PUP, it must not only demonstrate an exceptional track record as an institution, but must also maintain high academic standards in the performance of its functions, instruction, research, and public service. These, to my mind, are the qualities required of a national university which the PUP must demonstrably possess.

For all these reasons, I am constrained to veto the present Enrolled Bill. In any case, I express my gratitude to both Houses of Congress for working tirelessly to uplift our nation and I look forward to the near future where the PUP will eventually earn the status that is befitting such an institution of higher learning.

Very truly yours,
